This product you have purchased has been subjected to all tests and controls by us before it reaches you. the track will be sent to you as soon as possible. Before starting the assembly, check all the parts and accessories that come out of the boxes according to the list. Once you have determined that the parts and accessories are complete and intact, begin assembly. Before starting installation, clean each part with a damp cloth. If you have purchased more than one product, switch to another product after assembling one product to avoid confusion. Never rub products. Lift the product, disassemble it and carry it with at least one foot. Carry the product in packaged form for long distance transportation. It is very easy to clean the surfaces of your furniture you have purchased. It is sufficient to wipe with a damp soapy cloth or other household cleaning materials. Since the furniture is affected by extreme heat, cold and humidity, do not directly contact your furniture with these factors, do not use your furniture for other purposes.
